

Rocking Horse Program Evaluation Survey

We need your opinions to see if the Rocking Horse Program is helpful and we are asking you to answer a few questions about your background. We are also asking you to place a check next to the 3 issues that were your highest issues **when you began** the RH groups. We will then ask you to tell us if the issues you checked at the beginning have changed when the group ends and if the RH groups helped. By answering the survey you are consenting to participate in evaluating the RH program. All answers are confidential and will only be used as group information. Thank you
